

ABOUT US

With the desire to establish a rich legacy in the city of Milwaukee by harnessing the pride of culture, faith and community, UP Christian Academy (UCA) provides a Christ-centered education that places all scholars on the trajectory of completing college. UCA is deeply rooted in the traditions and culture that HBCUs were founded upon. UCA seeks to transform the community one scholar at a time by providing them with access to an exceptional education and a Christ-centered foundation so that they can establish generational success for themselves, their family and ultimately effect transformative change in their community.

LEADERSHIP

DR. CHERISE EASLEY

Founder/ Administrator

Pastor Edward and Dr. Cherise Easley are the founders of Up Christian Academy. Pastor Edward is the Senior Pastor of Urban Praise Ministries, which is a Non-Denominational Christian Church. Pastor Ed provides spiritual guidance and mentorship to scholars and staff, while Dr. Easley leads the schools daily operations and educational curriculum.

CHARACTER BASED APPROACH

WHY UP CHRISTIAN ACADEMY?

Up Christian Academy (UCA) is founded upon a trinity of upward pathways towards preparation, progress, and promise for scholars to become Christ-centered, college-bound, character-strong and community-focused productive citizens. Building on an innovative and researched based educational philosophy, students will be taught highly specific literacy and computational strategies, along with developing the tools to be critical thinkers, collaborators, problem solvers and lifelong learners. UCA's unique model will promote all students' academic success by using a rigorous curriculum, intensive data-driven instruction, and by working to retain strong teachers.

ACADEMICS

Literacy and Numeracy are both taught through a workshop model. Ensuring that each scholar receives rigorous and differentiated instruction.

WORKSHOP MODEL

Workshop model consist of a mini lesson (10-15) minutes, small group instruction/ guided reading or math (30-40) mins, and share session. closing (5-10) minutes. We have recently adopted Science of Reading Curriculum EL.

DATA DRIVEN INSTRUCTION

UCA's educational approach to assess our scholars during a lesson, and letting the data that we collect become the guide for teaching and learning in our classrooms.

CURRICULUM RESOURCES

AmplifyScience

A new phenomena-based core curriculum for grades K-5

ACCREDITATION CANDIDATE:

THE VISION
